

CURRICULUM VITAE

Robert G. Molnar, M.D.

PERSONAL DATA

Telephone: (810) 732-1620
Website: www.michiganvascular.com
Date of Birth: 1965
Place of Birth: Indianapolis, Indiana
Military Service: None

Primary Office: Michigan Vascular Center Hire Date: 7-2-1998
G-5020 W. Bristol Road
Flint, MI 48507

Other Offices: Michigan Vascular Access Center Start Date: 09-2005
5202 Miller Road
Flint, MI 48507

Michigan Vascular Center – Clarkston Campus Start Date: 04-2009
5701 Bow Pointe Dr., Ste 212
Clarkston, MI 48346

EDUCATION

Medical School: Medical College of Ohio, Toledo, Ohio – (M.D.) – 9/1987 – 6/1991
College: University of Notre Dame, Indiana – (B.S.) 9/1983 – 6/1987
Masters Degree: Michigan State University – (M.S.) 7/1994 – 6/1996

POST-DOCTORATE MEDICAL TRAINING

Fellowship: Vanderbilt University/St. Thomas Hospital, Nashville, TN – 9/1997 – 6/1998
Vascular Surgery Fellowship
Residency: Michigan State University, East Lansing, MI – 7/1992 to 6/1997
Internship: Michigan State University, East Lansing, MI – 7/1991 to 6/1992

LICENSING AND BOARD CERTIFICATION

License: State of Michigan
Issued: 1991
Certification: American College of Surgeons, F.A.C.S.
Issued: 10-11-2001
American Board of Surgery, Vascular Surgery – 05-15-2000
American Board of Surgery, General Surgery – 4-28-1998

ACTIVITIES

Associate Program Director, Michigan State University Integrated Residency Program
in General Surgery, 2007 - Present

Associate Clinical Professor of Surgery, Michigan State University School of Medicine

Proctor: Carotid Artery Stenting, Cordis Corporation

Proctor: Carotid Artery Stenting, Abbott Corporation

HOSPITAL STAFF APPOINTMENTS

Genesys Regional Medical Center, One Genesys Parkway, Grand Blanc, MI - Active Medical Staff,
1998 – Present.

Hurley Medical Center, One Hurley Plaza, Flint, MI - Active Medical Staff, 1998 - Present

McLaren Regional Medical Center, 401 Ballenger Hwy., Flint, MI - Active Medical Staff, 1998 - Present

Director of Surgical Education, McLaren Regional Medical Center, 2007 – Present

Chief, Division of Vascular Surgery, McLaren Regional Medical Center, 2005 – Present

Member at Large, McLaren Medical Executive Committee, 2005 - Present

OUTPATIENT FACILITY STAFF APPOINTMENTS

The Surgery Center, 5202 Miller Road, Flint, MI 48507

Active Medical Staff, 12/2002 to Present

RESEARCH EXPERIENCE

HERCULES Trial: Principal Investigator, 6/24/2009 – Present

A prospective, non randomized, multi center, single arm clinical trial to assess the safety and efficacy of the RX Herculink® Elite™ Renal Stent System for the treatment of suboptimal post-procedural percutaneous transluminal angioplasty (PTA) in atherosclerotic de novo or restenotic renal stenosis in patients with uncontrolled hypertension.

Sponsor: Abbott Vascular

Institution: McLaren Regional Medical Center

CHOICE Study: Principal Investigator, 06/2009 – Present

Carotid Stenting For High Surgical-Risk Patients; Evaluating Outcomes Through
The Collection Of Clinical Evidence

Sponsor: Abbott Vascular

Institution: McLaren Regional Medical Center

SAPPHIRE WW Trial: Principal Investigator, 03/2009 – Present

Stenting and Angioplasty with Protection in Patients at High-Risk for
Endarterectomy

Sponsor: Cordis Corporation, a Johnson & Johnson company

Institution: Hurley Medical Center

CABANA Study: Principal Investigator, 03/2009 – Present

A Carotid Stenting Boston Scientific Surveillance Program

Sponsor: Boston Scientific

Institution: McLaren Regional Medical Center

RESEARCH EXPERIENCE (continued)

MOSAIC: Sub-Investigator, 12/19/2008 – Present

A Phase 4, Multicenter, Open-Label, Observational Study Assessing the Impact of Exposure to THROMBIN – JMI (Thrombin, Topical U.S.P. [Bovine Origin]) on Coagulation Parameters

Sponsor: King Pharmaceuticals

Institution: McLaren Regional Medical Center

CORAL Study: Principal Investigator, 12-3-2008 – Present

Cardiovascular Outcomes in Renal Atherosclerotic Lesions.

Sponsor: National Heart, Lung and Blood Institute

Contributing Pharmaceutical Companies: Cordis Corp., AstraZeneca, Pfizer, Inc.

NIH Grant #U01 HL 071556

Institution: McLaren Regional Medical Center

Genesys Regional Medical Center

ACTIVE Study: Principal Investigator 9-19-08 – Present

The ACTIVE (Use of the Assurant® Cobalt Iliac Stent System in the Treatment of Iliac Vessel Disease) Study

Sponsor: Medtronic, Inc

Institution: McLaren Regional Medical Center

VASCUTEK Study: Principal Investigator, 7/2008 – Present –

Evaluation of Vascutek Rapidax in comparison to Vascutek MAXIFLO Wrap for Haemodialysis Applications.

Sponsor: Vascutek Terumo

Institution: McLaren Medical Regional Center

RETRIEVE Study: Sub-Investigator, 3/2008 – Present

Crux Biomedical evaluation of the Crux Inferior Vena Cava Filter System

Sponsor: Crux Biomedical, Inc.

Institution: McLaren Regional Medical Center

CONTROL Study: Principal Investigator, 3/2008 – Present

Evaluation of an absorbable surgical hemostatic agent. Thrombigel versus Gelfoam Thrombin.

Sponsor: Vascular Solutions, Inc.

Institution: McLaren Regional Medical Center

PYTHAGORAS Study: Principal Investigator, 2/2008 – Present

Prospective aneurysm trial: High angle Aorfix bifurcated stent graft.

Sponsor: Lombard Medical Technologies

Institution: McLaren Regional Medical Center

SONIC I Study: Principal Investigator, 01/2008 – Present

Study of the OmniWave™ Endovascular System in Subjects with Lower and Upper Extremity Deep Vein Thrombosis

Sponsor: OmniSonics Medical Technologies, Inc.

Institution: McLaren Regional Medical Center

RESEARCH EXPERIENCE (continued)

STRIDE 1 Study: Principal Investigator, 01/2008 - 07/2008

A Post-Market Surveillance Study

Does Early Safe Thrombus Removal In DVT have an Effect on Patient Outcomes?

Sponsor: Bacchus Vascular, Inc.

Institution: McLaren Regional Medical Center

VASCUTEK Trial: Principal Investigator, 10/2007 to Present

Evaluation of Vascutek Rapidax in comparison to Vascutek MAXIFLO Wrap for Haemodialysis Applications

Sponsor: Vascutek Terumo

Institution: The Surgery Center

COMPLETE SE Study: Principal Investigator, 10/2007 – Present

Iliac Stent Registry

Sponsor: Medtronic, Inc.

Institution: McLaren

ZILVER PTX Phase II Trial: Principal Investigator, 8/2007 – Present

Zilver PTX Drug Eluting Stent Study “Evaluation of the Zilver[®] PTX[™] Vascular Stent in the Above-the-Knee Femoropopliteal Artery”

Sponsor: Cook, Inc.

Institution: Michigan Vascular Access Center, 5202 Miller Rd., Flint, MI 48507

ABRAXIS: Principal Investigator, 8/2007 – Present

A Phase II Trial of ABI-007 (Paclitaxel Albumin-bound Particles) for the Prevention of Restenosis following Revascularization of the Superficial Femoral Artery (SFA)

Sponsor: Abraxis, Inc.

Institution: McLaren Regional Medical Center

PROTECT Trial: Sub-Investigator, 07/2007 – Present

Protected Carotid Artery Stenting in Subjects at High Risk for Carotid Endarterectomy (CEA)

Sponsor: Abbott Vascular

Institution: McLaren Regional Medical Center

PROTECT Trial: Principal Investigator, 05/2007 - Present

Protected Carotid Artery Stenting in Subjects at High Risk for Carotid Endarterectomy (CEA)

Sponsor: Abbott Vascular

Institution: Genesys Regional Medical Center

CREATE PAS Trial: Principal Investigator, 05/2007 - Present

Carotid Revascularization with ev3 Arterial Technology Evolution Post Approval Study

Sponsor: ev3 Endovascular, Inc.

Institution: Genesys Regional Medical Center

RESEARCH EXPERIENCE (continued)

VASCULAR WRAP-Angiotech Trial: Principal Investigator, 5/2007 to Present

A randomized, single blind trial to assess the effectiveness of maintaining patency and safety of the vascular wrap™ Paclitaxel-eluting mesh after surgical implantation with the Lifespan® ePTFE vascular graft in the upper extremity for hemodialysis vascular access.

Sponsor: Angiotech®

Institution: McLaren Regional Medical Center

AASTROM “Restore” Trial: Sub-Investigator, 3/2007 – Present

Use of TRC Autologous Bone Marrow Cells in Patients with Peripheral Arterial Disease to Treat Critical Limb Ischemia.

Sponsor: Aastrom Biosciences, Inc.

Institution: Michigan Vascular Research Center & Michigan Vascular Access Center

SAPPHIRE WW Trial: Principal Investigator, 02/2007 - Present

Stenting and Angioplasty with Protection in Patients at High-Risk for Endarterectomy

Sponsor: Cordis Corporation, a Johnson & Johnson company

Institution: Genesys Regional Medical Center

PACE PAD-001 Sub-Investigator, 12/2006 – 8/2007

A Phase 2, Multicenter, Multinational, Randomized, Double-blind, Placebo-controlled, Parallel Study of the Effects of 6R-BH4 on Symptomatic Peripheral Arterial Disease

Sponsor: BioMarin Pharmaceuticals Inc.

Institution: Michigan Vascular Research Center

NAPA-3 Trial: Sub-Investigator, 12/2006 – 8/2007

Phase 3, Multicenter, Multi-National Randomized, Double-Blind, Placebo-Controlled Study to evaluate the efficacy and safety of Alfimeprase in subjects with acute peripheral arterial occlusion

Sponsor: Nuvelo, Inc.

Institution: McLaren Regional Medical Center

CARDIOMEMS Study: Sub-Investigator, 8/2006 – Present

Long Term Follow-up Data on Endovascular Sensor for Abdominal Aortic Aneurysm Use

Sponsor: CardioMEMS

Institution: McLaren Regional Medical Center

CAPTURE 2 Trial: Principal Investigator, 6/2006 – Present

Post-Approval Study of the Guidant Carotid Stent System and Embolic Protection System (Carotid RX Acculink/Acculink Post-Approval Trial to Uncover Unanticipated or Rare Events

Sponsor: Guidant Corporation

Institution: McLaren Regional Medical Center

VIVA Trial: Principal Investigator, 5/2006 – Present

Vivexx™ Carotid Revascularization Trial (VIVA)

Sponsor: Bard Peripheral Vascular

Institution: McLaren Regional Medical Center

RESEARCH EXPERIENCE (continued)

OMNISONICS Study: Sub-Investigator, 12/2005 – 12/2006

Evaluation of Excised Carotid Plaque in the Presence of Transverse Ultrasonic Energy

Sponsor: Omni Sonics

Institution: McLaren Regional Medical Center

ZILVER Study: Sub-Investigator, 8/2005 – Present

Zilver PTX Drug Eluting Stent Study “Evaluation of the Zilver[®] PTX[™] Vascular Stent in the Above-the-Knee Femoropopliteal Artery”

Sponsor: Cook, Inc.

Institution: Michigan Vascular Access Center

PIVOTAL Study: Sub-Investigator, 6/2005 – Present

Phase I Study:

Positive Impact of Endovascular Options for Treating Aneurysms Early

Sponsor: Medtronic and Cleveland Clinic

Institution: McLaren Regional Medical Center

Genesys Regional Medical Center

BIOVANCE Study: Sub-Investigator, 5/2005 – 1/2006

Evaluation of BIOVANCE[®] Wound Covering

Sponsor: Celgene Cellular Therapeutics

Institution: Michigan Vascular Center

VALENTIS Trial: Sub-Investigator, 5/2005 – 3/2006

A Phase II, Multi-center, Randomized, Double-Blind, Placebo-Controlled trial of VLTS-934 in Subjects with Intermittent Claudication Secondary to Peripheral Arterial Disease

Sponsor: Valentis, Inc.

Institution: Michigan Vascular Research Center

COSMIC Study: Sub-Investigator, 4/2005 – Present

Covered Stents to Exclude Pseudoaneurysm of Hemodialysis Access

Sponsor: Michigan Vascular Research Center

Institution: McLaren Regional Medical Center

CREST Trial: Principal Investigator, 12/2004 – Present

Carotid Revascularization Endarterectomy vs. Stent Trial

Sponsor: NINDS (National Institute of Neurological Disorders and Stroke and NIH National Institution Of Health), University of Medicine & Dentistry of New Jersey-New Jersey Medical School (UMDNJ-NJMS)

Institution: McLaren Regional Medical Center

CASES Trial: Principal Investigator, 10/2004 – 9/2006

Carotid Artery Stenting with Emboli Protection Surveillance – Post Marketing Study

Sponsor: Cordis a Johnson & Johnson Company

Institution: McLaren Regional Medical Center

RESEARCH EXPERIENCE (continued)

CAPTURE Trial: Principal Investigator, 10/2004 – 5/2006

Post-Approval Study of the Guidant Carotid Stent System and Embolic Protection System (Carotid RX Acculink/Acculink Post-Approval Trial to Uncover Unanticipated or Rare Events)

Sponsor: Guidant Corporation

Institution: McLaren Regional Medical Center

MAVERIC III Trial: Principal Investigator, 10/2004 – Present

Phase II Clinical Trial

Evaluation of the Medtronic AVE Self-Expanding Carotid Stent System with Distal Protection in the Treatment of Carotid Stenosis

Sponsor: Medtronic AVE

Institution: McLaren Regional Medical Center

EPICS II: Sub-Investigator, 8/2004 – Present

Evaluation of Abdominal Aortic Aneurysms, Carotid Stenosis and PAD (In patients found to have at least one diseased coronary vessel $\geq 50\%$ on coronary angiography).

Collaborative: Medtronic, Inc.

Institution: McLaren Regional Medical Center

ARCHER RX & LTFU Trial: Principal Investigator, 8/2004 – 12/2006

Evaluation of the RX ACCULINK™ Carotid Stent System and RX ACCUNET™ Embolic Protection System in the Treatment of Carotid Stenosis

Sponsor: Guidant Corporation

Institution: McLaren Regional Medical Center

EPICS I: Sub-Investigator, 7/2004 – 7/2005

Evaluation of Possible Abdominal Aortic Aneurysms
(In patients who have undergone previous CABG)

Collaborative: Medtronic, Inc.

Institution: McLaren Regional Medical Center

MAVERIC II Trial: Principal Investigator, 3/2003 – 7/2008

Phase II Clinical Trial

Evaluation of the Medtronic AVE Self-Expanding Carotid Stent System with Distal Protection in the Treatment of Carotid Stenosis

Sponsor: Medtronic AVE

Institution: McLaren Regional Medical Center

MAVERIC Trial: Principal Investigator, 09/2002 – 7/2008

Phase I Clinical Trial

Evaluation of the Medtronic AVE Self-Expanding Carotid Stent System with Distal Protection in the Treatment of Carotid Stenosis

Sponsor: Medtronic AVE

Institution: McLaren Regional Medical Center

RESEARCH EXPERIENCE (continued)

C1 Study – Physician Sponsored: Sub-Investigator, 3/2002 – 1/2004

Phase I Clinical Trial

“A Single Center Clinical Evaluation of Carotid Stenting for the Treatment of Obstructive Carotid Artery Disease” Cordis S.M.A.R.T.TM and PRECISE Stents (5.5F and 6F) and the AngioguardTM and AngioguardTM XP Emboli Capture Guidewire

Sponsor: Cordis a Johnson & Johnson Company

Institutions: McLaren Regional Medical Center
Genesys Regional Medical Center

CARESS Study: Sub-Investigator, 11/2001 – 12/2006

Phase II Clinical Trial

Carotid Revascularization with Endarterectomy or Stenting Systems

Sponsor: International Society of Endovascular Specialists

Institutions: McLaren Regional Medical Center
Genesys Regional Medical Center

Endologix Study: Sub-Investigator, 6/2001- Present

Phase II Clinical Trial

Clinical Study of the Suprarenal Bifurcated PowerLinkTM System (Abdominal Aortic/Aorto-Iliac Aneurysm Endoluminal Graft) (Suprarenal Study) – Protocol 00-006

Sponsor: Endologix, Inc.

Institutions: McLaren Regional Medical Center
Hurley Medical Center,
Genesys Regional Medical Center

Ancure Study: Sub-Investigator, 1998-2000

Phase III Clinical Trial:

A Phase III clinical study of the Ancure® system as compared to the Standard Surgical Procedure in the Treatment of Abdominal Aortic Aneurysms

Sponsor: Endovascular Technologies, Incorporated
Guidant Corporation, Cardiac & Vascular Surgery Group

Institutions: McLaren Regional Medical Center
Hurley Medical Center
Genesys Regional Medical Center

PROFESSIONAL ORGANIZATIONS

American College of Surgeons, Local Committee on Applicants, 2007-Present

American Medical Association

Michigan State Medical Society

Michigan Vascular Society

Genesee County Medical Society

H. William Scott, Jr. Society

NATIONAL AND REGIONAL PRESENTATIONS

Strategies for Combined Coronary and Carotid Occlusive Disease
June 10th 2009, Society of Vascular Surgery Annual Meeting

Contemporary Management of Great Vessel and Cerebral Vascular Disease
June 10, 2009, 2009 SVS Post-Graduate Course, Co-Director and Moderator

Results of a Community Screening Program Reveal the Prevalence of Undiagnosed Peripheral Arterial Disease
April 1, 2009, 11th Annual Michigan State University/Flint Area Medical Education Community Research Forum

Results of a Community Screening Program Reveal the Prevalence of Undiagnosed Peripheral Arterial Disease
September 11-13, 2008, Midwestern Vascular Surgical Society 32nd Annual Meeting

Data From A Dedicated Dialysis Access Center: Are the Guidelines From the Fistula First Initiative Attainable?
May 16, 2008, Michigan Chapter, American College of Surgeons 55th Annual Meeting

The Incidence of Peripheral Arterial Disease (PAD) Identified by a Community-wide Screening Program
May 15, 2008, Michigan Chapter, American College of Surgeons 55th Annual Meeting

Outpatient Office-based Endovascular Centers: How Do I Set up a Program?
April 10, 2008, SVS Challenges in Vascular Surgery 2008

Vascular Town Hall Meeting: Peripheral Arterial Disease
May 31, 2007, Flint, MI Lecture to the public

Carotid Artery Disease: Endovascular versus Operative Approach
October 27, 2006, Michigan State Medical Society 141st Annual Scientific Meeting

Endovascular Repair of Iliac Aneurysms
Post-Graduate Endovascular Symposium
May 31, 2006, Society of Vascular Surgery Annual Meeting

Renal and Mesenteric Endovascular Interventions
Post-Graduate Endovascular Course
May 31, 2006, Society of Vascular Surgery Annual Meeting

Carotid Stenting versus Open Endarterectomy
April 11, 2006, Society of Interventional Radiology, Michigan Chapter

Carotid Stenting Is the Treatment of Choice on High Risk Patients
April 22, 2005, Fourth Vascular and Endovascular Interventions Symposium

Technique and Interpretation of Arch, Great Vessel and Cerebral Angiography
September 16, 2005, Midwestern Vascular Society 29th Annual Meeting

NATIONAL AND REGIONAL PRESENTATIONS (continued)

Peripheral Arterial Interventions

Michigan Society of Radiologic Technologists
March 11-12, 2005, 8th Annual Mid-American Conference

Preoperative Evaluation, Access Choices, and Adjuncts: Clopidogrel, Angiomax, Pacing, Atropine, ACT.
Advanced Endovascular Course: Carotid Stenting
December 8-9, 2004, Midwestern Vascular Surgical Society

Carotid Artery Stents: What Do the Clinical Trials Show?

Michigan State Medical Society Foundation Annual Scientific Meeting
November 3-4, 2004

Videotape Case II: Putting It All Together in Sequence Uncomplicated Carotid Stent with Protection
Third Annual Endovascular and New Technologies Course
September 9, 2004, Midwestern Vascular Surgical Society 28th Annual Meeting

Distal Protection: Advantages and Disadvantages of Filters

Second Annual Endovascular and New Technologies Course
September 18, 2003, Midwestern Vascular Surgical Society 27th Annual Meeting

Endovascular Repair of Abdominal Aortic Aneurysms

5TH Annual "New Directions in Cardiac & Vascular Surgery"
April 14, 1999, McLaren Regional Medical Center
